

PTO's Food Fundraiser
www.marketday.com

Market Day is unique because it is the only fundraiser that offers quality food at an affordable value to our families. In addition to our monthly food program, Market Day provides us with a variety of fundraising services including "A Taste of Market Day" and single event brochure and cookie dough programs. And it's all delivered right to our school!

Give it a try! The food is fantastic and fully backed by a satisfaction guarantee. Market Day offers many nutritious selections that are low fat and low calorie, including a new line of all natural items with zero grams Trans fat.

It's easy to order! Simply return the order sheet you get every month or visit www.marketday.com to order online. (Consider ordering online as your order is guaranteed to be received/processed immediately, does not cost you anything extra to do so, and your items are boxed for pick-up.)

Our families appreciate being able to support their school through Market Day because they know they can count on a wide variety of quality, nutritious foods at competitive prices every month. They also enjoy the opportunity to be part of the cooperative community spirit at the Market Day pick-up.

Funds earned through Market Day help support programs to provide the best educational experience for your children. Our yearly goal to earn is typically around \$7,000 to \$8,000 which we plan to use for various student educational purposes. **We appreciate and need your order each month to help us reach that goal.**

If you have any questions or would like to volunteer to help on pick-up days, please feel free to contact the chairperson or email us at PTO@winnebagoschools.org. We look forward to seeing you at Market Day Pick-up!
